ARA Goes Continental!

On January 6th, ARA members from Cincinnati, Milwaukee, Minneapolis, Detroit, Toronto, and other activists from Cleveland, New York, Ann Arbor, and as far away as San Francisco joined members of Columbus ARA and the greater Columbus community in opposing the Ku Klux Klan's annual 'protest' of Martin Luther King day.

No more than 25 Klan members spewed their hate for less than an hour (they had planned to speak for two) from the steps of the Ohio State Courthouse while seven or eight hundred demonstrators protested in the immediate vicinity. As many as one thousand cops from three Ohio police forces were on hand to protect the Klan.

Protesters who wished to get at all close to the Klan were

forced to enter a pen, surrounded by fences on three sides (with a double row in front of the Klan), filled with cops. ARA members decided to stay out of the pen and try and get the Klan as they left. While this strategy was not entirely successful, it energized people and was an important first step in eliminating the police set-up.

Later, members of the ARA Network, formed at the second annual anti-fascist conference in Columbus last October, met to discuss the structure and nature the network will take. There are, of course, some 'growing pains' as the styles and agendas of different groups clashed. This is inevitable for any group trying to organize on such a wide scale. What's important is that everyone is dedicated and therefore willing to work together.

The importance of this network is obvious to anyone who studies or fights today's far-right groups. They are organizing across borders, so it's clear that we must do the same, and we must do it better.

Paul Fromm, Nazi Scum!

It's fun to crash a party. On December 9th Paul Fromm's Canadians for Foreign Aid Reform (C-FAR) tried to hold a meeting. ARA had other ideas.

Fromm all scared

Paul "Squeaky" Fromm – Neo-Nazi and former high school teacher – formed C-FAR (also known as Crackers For the Aryan Race) as a lobby group for the racist right.

On the 9th C-FAR was hoping to meet in a not-so-trendy Blue Cellar Room restaurant on Bloor St., but ARA decided to be a fly in their ointment. Sitting in the back room sipping tea, about 40 ARA folks waited for the meeting to start. When the dozen or so withered old Nazi freaks began

to show we made our move and forced our way into the banquet hall.

"Call the police!! Call the police," shouted a Nazi hag.

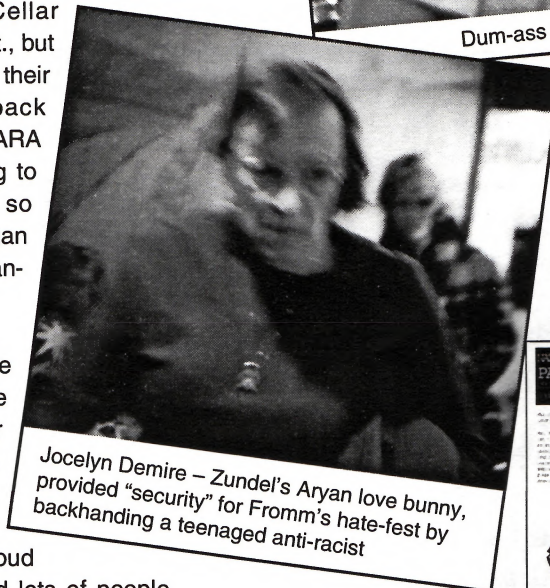

"Fucking commie Jews, you're just like Stalin," cried Steve Dumas (pronounced dumb ass). This Nazi jock, and keynote speaker, founded the pro-apartheid Northern Foundation. For his efforts he got a nice gob right between the eyes from one of the grrrls.

When the kkkops finally showed it took them over half an hour to finally get us out. Once outside we set up a loud protest and picket letting neighbours know the score, and lots of people wanted to know what else they could do to get rid of nazis.

The meeting was over before it had a chance to begin. The owner quietly let Fromm out the back door. It was a great photo opportunity as they scuttled to their cars and went wee wee wee all the way to Zundel's home.

Dum-ass "stop spitting on meeee"

Droege all alone In Don Jail

Wolfgang Walter Droege, the loser leader of the crumbling Heritage Front, quietly went to the Don Jail in the third week of January and asked for room and board for the next 2 months.

He's serving time for an outstanding conviction for Contempt of Court. Unfortunately for the loser, he suddenly realized that there is no money in the Front for lawyers to appeal that conviction. All the \$\$ they have received for the past few months has been diverted to the "real cause". That is, Max French bought a new set of nazi paraphernalia, James Scott Dawson financed his crack habit, Peter Mitreuski rented countless B-movies, Paul Friedman had to pay his cell phone bill (after all he has to keep up with blocking anti-racist hotlines in the city!), Gerry Lincoln sipped wine every night and spent some bucks on boys here and there.

Finally, the new gal who does the Heritage Front hateline spent some cash for a face lift to look younger, so she can flirt with Max French while Wolfie (and his right hand!) are all alone in Super Protective Custody at the Don Jail.

See Wolf, you got betrayed by your own ilk again. Some disgruntled former members we met recently said that you should know now it's not worth a dime fighting for the "white race".

ZUNDEL ZAPPED!

On December 19 the "guru" of far-right lunatics in Canada, nazi propagandist and white supremacist liar Ernst Zundel of 206 Carlton Street, appeared in the Old City Hall Courthouse to face charges of conspiring to promote hatred. He was represented at the brief hearing by John May, another lawyer who likes to milk nazi clients.

Once again, proceedings against him were initiated by Mrs. Sabina Citron, a Holocaust survivor and a founding member of the Holocaust Remembrance Association of Canada. Mrs. Citron convinced a Justice of Peace there was enough evidence to lay a charge against the aryan warrior, that he conspired with German and Canadian neo-nazis (namely Ewald Althans, Christian Worch and David Maclean) to promote hatred against an identifiable group. He is also charged with defaming Simon Wiesenthal, Sol Litman and other nazi-hunters in his hate bulletin POWER.

Anti-fascists everywhere are quite happy to hear that there are courageous people around who are not going to give this buffon any breaks. Last May, somebody half-baked his bunker/hate quarters and sent him numerous presents filled with shrapnel. He barely survived and re-built his house, only to find out that he'll be waddling to the courts and back for the better part of 1996.

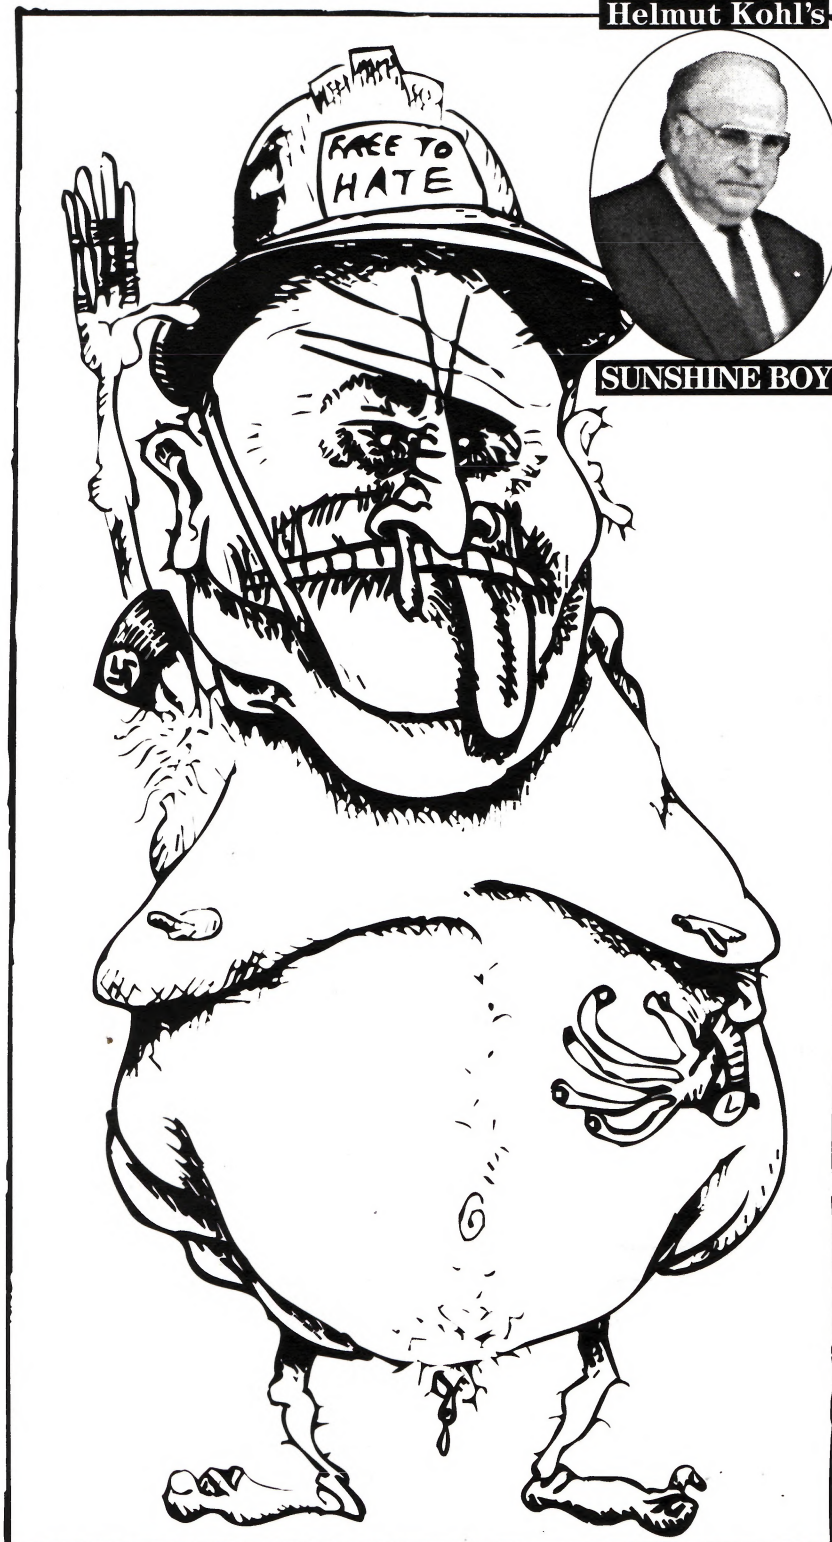

On December 19th, he was accompanied to the courthouse by his heir-apparent confidant Jurgen Nueman, Eugene Ernst ("the jealous guy") as well as about 15 elderly piss tanks who were half asleep after a full night of free booze at Ernie's. They were greeted by about 50 supporters of ARA and the B'nai Brith Youth League. Zundel didn't get a word in edgewise to the press; in the face of anti-fascists, he was taken to the basement under police protection. His next appearance is on 15th of March.

NAZI TERROR IN GERMANY

On Jan. 19/96 german nazis murdered ten refugees (four of them children) and injured fifty-five in Luebeck, germany. The block of apartments targeted in the firebomb attack was home to refugees from Lebanon, Syria, Zaire, Togo and Poland. An African woman died when she jumped out of an upper floor window while holding her baby in her arms. The child survived but was seriously injured.

Survivors said boneheads wearing nazi symbols had stalked and threatened them on other occasions. Pigs took no action, even though in germany nazi propaganda and insignia are 'against the law'.

Luebeck is the same german port city where nazis fire-bombed a synagogue during the 1994 Jewish Passover holiday.

The racist government is blaming anyone but the nazis for this atrocity. Some government creeps have said it may have been electrical fire, despite the reports from Survivors that they smelled kerosene. Meanwhile, the pigs have jacked up a Lebanese resident, claiming he may be responsible for the bombing. The government had refused previous requests for security guards at the hostel after several death threats from nazis. Three nazis who were detained after the incident were later released by sympathetic pigs claiming they had an 'alibi'. Survivors of the blaze said they fear that germany is trying to cover up so they can avoid international outrage at the rising number of fascist attacks in the country.

Durham's Rock Against Racism

Durham's Anti-Racist Action (DARA) is getting off the ground and growing by the minute, responding to the resurgence of nazi activity in the towns of Pickering and Ajax.

Figuring that one of the best ways to educate young people about the evils of racism is through anti-racist concerts and parties, DARA organized a show on January 26. It was held at the Chameleon Cafe in Ajax, a funky club in an industrial area. **Rodent, Grand Planet, Tom's Band,** and **Kirmit's Toadstool** (all from the Pickering area), Toronto's **Shuttlecocks**, and the headliners **Project 9** all agreed to play.

Doors opened at 7:00 PM and in no time at all the place was packed as more than 300 came out. There were many items for sale, such as Project 9's cassettes, and ARA's buttons, patches and t-shirts — as well as lots of anti-racist posters and pamphlets. The bands all kicked ass and the joint was really jumpin'.

The whole night would have gone off without a hitch but for one incident, when a few antifas went out for a stroll and came across three boneheads trying to intimidate a crowd of students on their way to the show, about three blocks from the club. When they intervened to reassure the students, the bones attacked them. A bit bloodied, they made it back to the club and within seconds, a whole crowd of people rushed out to look for the fuckers responsible. Nobody found them after combing the area, but the police did find us — and proceeded to jack us up and bore us with a lecture about how we were just as bad as the hate groups (!!!). Of course, they hadn't caught the boneheads responsible for attacking our friends.

All that aside, the word from DARA is that the bones have been keeping a loooow profile since the show two weeks ago. A great time was had by all and to everybody out there in Ajax, we'll be back!

To hook up with DARA, call 416-631-3753, or write to:

ara 'cross th

There's no better example of why anti-racists need to get organized in Pickering than another racist attack at Pickering High last November.

South Asian students at Pickering have been trying to draw attention to the racist treatment they've been getting at school for over a year — name-calling, pushing/shoving, and physical attacks. But nobody has taken them seriously, until now.

On Friday, November 24, South Asian students decided not to take the abuse anymore. One student had been jumped in the hallway by a bonehead-wannabe named Corey McLeod the day before. Corey isn't a skinhead, but he's been seen hanging out with suburban nazi losers Ken and Phil Garbutt, who have been reduced to staking out their turf at the nearby Pizza Pals at the Pickering Village Mall.

Teachers Irresponsible

Neither a teacher who was watching, or the principal who arrived as the fight was ending, did anything, even though the South Asian student was bruised and bloodied. When he went to the cops later in the evening, they kept him waiting for over an hour so he just split.

On the Friday, when Corey jumped the same South Asian student again, South Asians intervened to defend their friend and break up the fight. More racist students, as well as some known white supremacists from outside the school, got involved and soon there was a full-on brawl. Corey got hurt, and declared that "all Pakis are dead on Monday!"

This time, the school's response was much different. Police were called and made their first arrest — of the South Asian student who was jumped in the first place! Meanwhile, some South Asians were scared by Corey's threats. Parents came to pick up their kids at lunch time, and one Mom was surrounded and threatened by a crowd of boneheads, armed with baseball bats and sticks.

Fucked up Charges

Over the following week, 4 other Asian students and 1 Black student were charged, and suspended from school. One of them had graduated from Pickering High the year before, but that didn't stop the police in their witchhunt. Of the whites involved in this racially-motivated fight, only Corey was charged, and only after the South Asian parents went down to the police station themselves to make a complaint. After a school assembly where Principal Down tried to pretend that there was no problem with racism at Pickering High, 50 white shitheads walked out in protest of the fact that

Corey was suspended. Even though Principal Down's confidence.

All this bullshit is just making the community more angry and more united. We went out to a public meeting about racism in Pickering in general. The Durham Board of Education is against racism in the schools. They gave a warm welcome — at the January

meeting, they refused to consider the subject during the public meeting. Basically, the Board is not going to sue. They are not using their resources to dealing with the boneheads. The boneheads can still operate and there's racist schools.

Anti-racists everywhere are behind the students who have been getting themselves. They are raising their voices — anyone who wants to contribute we will hook you up. Meanwhile, we will make a real difference in Pickering and short-circuit their racist organization.

The St. Catharines CDR Dialogue on Racism ARA to participate in the conference in November 95 because ARA is one of the most down-to-earth info orgs on the scene, and the only local consistent work among CDR distributed our pamphlet at the conference, asked us to be on a panel, and to co-host a youth anti-racist organization.

There was a great crowd of people at the Niagara peninsula — lots of teachers and other social-work types of all colours, lots of young anti-racists. Speakers were Warren Kinsella, author of "Muslim terrorist threat", and Martin Theriault of the Canadian Centre on Racism and Prejudice. The audience also heard from some dedicated students of the No Borders Here group at Sir Winston Churchill High School, a Black woman working in the Peel District Board of Education, and others.

Let's be nice to nazis – NOT!!!!!!

Unfortunately, CDR sees fascists as "a part of the community", and worthy of "dialogue" with! So there was also a crew of 15-20 boneheads at the conference, to check out the opposition and intimidate us if they could. Surprise! It wasn't possible that day, and they were reduced to complaining that they didn't have a seat on the panel, and were being taunted by "violent" ARA supporters to boot!

Prominent among the whiners was "Big Bill" Livingstone, leader of Heritage Front Niagara. Outside of Toronto, Niagara hosts the only functioning HF branch in the universe, so "Big Bill" was looking pretty proud of himself. Until the ARA speaker challenged the audience members to "stand up if you're a fascist", and Bill's herd of followers actually did. He sheepishly joined them — so much for their "equal rights for whites" cover!

Niagara boneheads led by "Big Bill" Livingston
(second from left with moustache)

What finally drove them out of the conference was Martin Theriault's excellent rundown on what neo-nazis actually think. They got so embarrassed that they had to split! At the end of the day, even Mike's own brother George was

moved to distance himself from Bill's white supremacist views — though he may have just been worried about his

photo appearing in antifa files.

The large number of police at this "Community Dialogue with Fascists" undoubted-

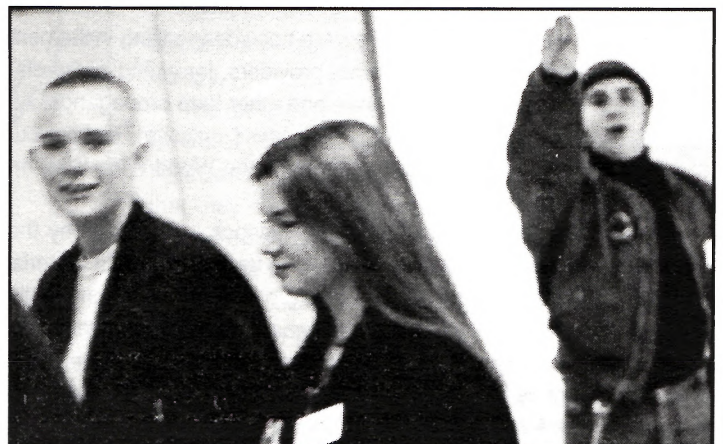

"Don't gosestep now, this is a community dialogue!" —
Michael "Biker" Bowden (centre, facing camera)

ly discouraged some anti-racists and anti-fascists from coming out at all, and didn't contribute much to make up for it. Few of the "hate crimes experts" seemed to know much about white supremacist groups, other than nazis try to attract young people. And of course, anytime young people come together they're in a gang, and gangs are bad.

The conference would have been much more effective if known nazis had not been allowed to attend. Hopefully, the CDR has learned that there is no point in inviting fascists to observe us trying to strategize against them. Their presence is disruptive and compromises everyone's safety.

On the positive side, the conference brought together people from the Niagara region to seriously consider the problem of white supremacist organizing in the area. Many came away from the conference ready for ongoing work. One example: a group of mostly young people have been meeting ever since, to start up Anti-Racist Action Niagara.

"Dialogue" with this?

Quick jabs for thick heads

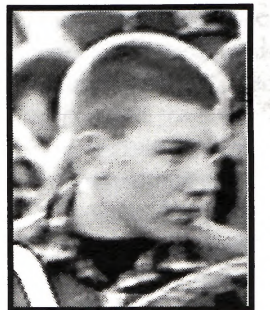

Let's set the record straight about Marc Lemire. Bad Marc is a new daddy, he's got lots of bills to pay. Are cash payments from Zundel for running the "Zundel-Site" and the Canadian Patriots Network really covering his costs? Enquiring minds want to know...

When the Heritage Front set up a second hate-line called EQUAL RIGHTS FOR WHITES, to evade the restrictions posed by the Canadian Human Rights

Commission, Ken Barker was nailed for contempt of court. The whole world knew that Marc and Ken set up the second line together. How come Marc never got charged? Who is the Big Brother who's covering his ass? Bad Marc, no donut!

Striding through the College and Bathurst neighbourhood recently we found some posters put out by local good citizens. Apparently there is a "Cat hater" or a "Cat napper" in the 'hood. No offence to the 'hood, but it's been the home for a convicted cat strangler, a neo-nazi thug named Kronos. Kronos specializes in beatings of pre-teen street kids, but also has a long history of ritual abuse of animals; he even did time behind bars for strangling cats and dogs. Just another public service announcement from your local anti-fascists...

Hey Adrien Galineas, watch your back. It's true that you acted as the "punching bag" for anti-racists in the summer of 1993. You whined and cried for all the shots and withdrew to Brampton.

Now, it's public record that ARA does not have any copyright on our publications. But if the Hammer Skins find out that you and your sister Stacy have been xeroxing ARA stuff and distributing it in Brampton strip malls, they will skin you alive for being a race-traitor!

Zundel zapped... *cont'd from page 3*

To make matters worse for poor Ernie, prosecutors in Mannheim, Germany have announced that they are considering filing incitement charges against two German internet providers, for aiding in the distribution of Holocaust denial literature and other hate propaganda. As a result, Germany's biggest Internet provider Deutsche Telekom cut access to Zundel's neo-nazi propaganda on the World Wide Web on January 21.

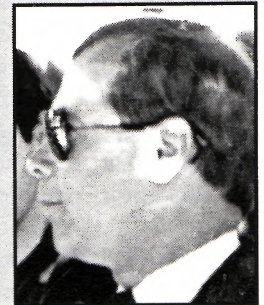

Zundel's printer in England, Antony Hancock, was raided by the police last year. Police confiscated loads of nazi propaganda material from the print shop (where Zundel had run his "Did 6 Million Really Die?" garbage). Not surprisingly he wasn't charged for anything. Zundel watchers say that it's no secret that Zundel associates with cops, as evident by his right-hand man in Germany Althans who came out as a state informer. Like Althans, Antony is protected by doughnut eaters in England. Once again...bad news for loyal Zundelites....wait for more "coming outs!"

RAT TRAP

Yeah maan.....! This is the boy behind enemy lines. Sharing of stuff I see and hear with ya. Let's call it a brand new feature in this rag with news, views, rumors and humor from the other side of the barricades!

Good old Gary Schipper is in the dark these days. How can we forget him... he is the guy whose house got trashed in 1993 after folks discovered that the "voice" of Heritage Front hate line was living right next door. Well, lately he's been taking a back seat. Dude tries to make a living by licking leftover fish bones at Zundel's house. These days he tries to make a buck here and there, and nobody knows whether he sends his income statement accurately to the local dole office. Can't make up his mind whether to go on a grand tour in US again with his old, rugged guitar. Scared shitless to rent any apartment in any city, 'cus people remember his face and the voice.

Loser of all time is Chris "the Tongue" Newhook.

The Viking is really bored at the Guelph Prison. You know the story ... after a brief stint on Yonge Street for several months he turned into a real PCP addict. The guy started on that white power bullshit to the despair of many black kids, and got thumped by three brothers, really bad. There was a dent in his bald head. Pretty harsh, man!

My man in Guelph reports that the dude is having a hard time. I feel bad for the warrior because nobody writes to him. I mean nobody, not even his racial comrades in the Front. He writes very long

letters and preys on young punk men; maybe he got sick of massaging old white asses in the prison bathrooms. He wants to get out and settle down - the guy even started growing his hair! But it's too late now ... this picture of him with long hair has gone to the hands of every gangbanger from here to Los Angeles, all because he was messing with the brothas. You know them, they fuck you up real bad, inside or outside the prison walls. Well...there's a place called Valhalla and if Viking wants to get there, he can get a blanket and hang himself.

Lastly....its not true that "Fat Boy" James Scott Dawson is contributing to this column. I don't need him that stinky mother fucker who doesn't wash his underpants for months. Well, you registered the Heritage Front and now your buddies think that you are a goof and a stool pigeon. All I know is that El Gordo is a real mess!

THE CASE OF KHALFANI X. KHALDUN

Khalfani X. Khaldun is a revolutionary Black prisoner who has been incarcerated in the Indiana state system for the past ten years. He is currently being framed for killing a guard at Indiana State Prison in December 1994.

Khalfani has been a target of prison administrations since 1987, when he refused to be a rat for the administration. Neo-Nazi skinhead inmates were sent to firebomb Khalfani's cell, destroying all of his personal property.

In 1993, he was transferred to Indiana State Pen's infamous D-cell house (or "predator unit"), a larger segregation unit supposedly reserved for the "worst of the worst." There, he and other revolutionary-inclined prisoners organized political education classes, religious services, and protests against racist attacks, guard brutality, and inhumane work conditions in the institution.

In December of 1994, after the execution of Ajamu Nassar, one of Khalfani's closest comrades, a guard was stabbed to death in retaliation. Khalfani was almost immediately charged with murder, and if convicted, he will be sentenced to death! He maintains his innocence, and there is no physical evidence against him. The ten inmates who had implicated him have since signed sworn affidavits saying their statements against Khalfani were literally beaten out of them.

Across the U.S. and Canada people are organizing to get Khalfani off these frame-up charges. As part of this work, ARA's Prison Issues Working Group and Peterborough's Anti-Colonial Action Alliance, is publishing a 79-page booklet of Khalfani's writings, as a fundraiser for his defense committee. His writings cover topics such as the racist and class nature of imprisonment in the U.S., the roots of gang violence in the Black community and how to end it, forced sterilization, and the responsibility of all men to confront sexist behaviour and attitudes.

Worth checking out! Order a copy through ARA.

Commandante Kieran Is Free!

After two years and 11 trial delays, North America's most famous anti-fascist activist was acquitted of all charges on Jan. 28. He was busted in 1993 at a counter-demo against the white supremacist "White Students Union" at the University of Minnesota, and charged with assaulting a bonehead who was lunging at him with brass knuckles in hand. Under Minnesota's minimum sentencing rules, Kieran was looking at 3 years minimum if convicted.

After several days in court and two days of deliberation, the jury decided that there was not enough evidence to convict Kieran.

The prosecution's aim was to criminalize the anti-fascist scene in Minneapolis. Instead, ARA Minneapolis was revitalized, and is now alive and kickin'! And Kieran is free. Much respect to the Anti-Fascist Defense Committee who succeeded in making the name Kieran Frazier Knutson a household word.

WRITE A LETTER FOR MUMIA!

The Free Mumia Abu-Jamal Coalition, based in New York City, has started a campaign to get at least One Million letters written on Mumia's behalf. They plan to present all the letters to the Attorney-General in Washington D.C. at a big demonstration in

the early summer.

Supporters of Mumia Abu-Jamal are asked to write to Attorney-General Janet Reno, demanding that the Justice Department investigate all the civil rights violations in Mumia's case.

An important point to emphasize is that **the conspiracy to deny Mumia his freedom has continued to this day**. A good example of how the prison guards, political police, and government leaders have screwed him around, is that for months leading up to the hearings last summer, all **mail between Mumia and his lawyers was opened by guards, photocopied, and passed all the way up to Governor Tom Ridge!** And under every law there is, legal mail is supposed to be private and confidential.

Since the 1960s, civil rights activists have used the federal government to overrule or sidestep racist rulings in the state courts. The overall goal of the Campaign is to get the Justice Department to agree that **a new trial is necessary for Mumia**. Evidence against him is so weak that a trial without a racist, cop-lovin' judge and incompetent lawyers, Mumia will certainly go free.

So write a letter for Mumia, including the points above! Address it to the Hon. Janet Reno, Attorney-General, Department of Justice, Washington D.C., 20530. Then send it to ARA and we will pass all the letters on to someone who is going down to Washington D.C. for the demonstration. For info about the ongoing campaign to Free Mumia, contact the Ontario Public Interest Research Group, York University, at (416) 736-2100 x30323 or the Partisan Defence Committee at (416) 593-4138.

As described in the last issue of On the Prowl, Mumia Abu Jamal is a Black prisoner facing the death penalty in Pennsylvania. He was convicted of killing a cop, in a trial which was clearly a set-up. The cops were very eager to put him away because Mumia, a journalist and former Black Panther, had exposed police corruption in Philly. He also covered the MOVE organization, a radical mostly-Black group that has been ruthlessly attacked by the cops.
